Awards Scheme for the
Defence Accounts Department

Controller General of Defence Accounts
Delhi Cantt: 110010

1. BACKGROUND

The need for adequately motivating officers and staff at all levels of the Central and State Governments has been engaging the attention of the Government for some time. Keeping this in view, the Government of India have introduced Prime Minister's Awards for Excellence in Public Administration in order to recognize extraordinary and innovative work done by officers of the Central and State Governments individually, or as a group or as organizations. A similar motivation scheme had been introduced in the DAD to motivate staff and officers to excel in their work. It has also been felt that instead of the HQrs office directly involving itself in the activity of nomination/ selection of individuals doing meritorious work, general guidelines could be provided to the PCDA's/CDAs & equivalent to shortlist the nomination at their level. 4. PARAMETERS PROPOSED FOR APPRAISING MERITORIOUS WORK

4.1 Parameters for nominating / deciding the Awards as suggested below are illustrative and not exhaustive. The HQrs Office suggests a list of such parameters based on which the Controllers may be free to re-orient the guidelines to suit their organisations. However, the performance parameters would need to be quantifiable so that decisions are by and large objective. Some suggested parameters are as follows:

- Substantial audit objections and/ or useful financial advice leading to necessary reflection in crucial Audit Reports such as the MFAI/ IAR. If the same have led to overall system improvement, necessary note should be taken.
- Special drive leading to clearance of old outstanding demands and advances.
- Special initiatives leading to special focus on generally neglected areas of work such as record management - exceptional maintenance of files and documents viz. proper indexing, pagination, binding and stacking of records, retention of only current records, following of stipulated time schedules for retention of records etc.
- Extensive use and dissemination of information through electronic tools such as PC and WAN. Promoting greater use of such tools should be taken due note of.
- Introduction of novel interactive methods including development of appropriate software for settlement of grievances.
- Outstanding efforts in the implementation of automated systems in the Department. Notable contribution by programmers in the EDP side, especially in generating workable software.
- Special efforts undertaken in training and O&M matters such as developing innovative training modules, audio visual and distance learning packages, compilation of rules, regulations and executive instructions etc.
- Remarkably original innovations/ ideas for improvement in functions.
- Best course designs/ course materials.
- Extraordinary work done in the sphere of clearance of suspense accounts, settlement of DID schedules etc.
- Outstanding performance studies leading to substantial issues being raised.
- Some parameters for IFA offices are proposed as under:

- Expenditure clearance of proposals for procurement.
- Critical examination of the expenditure proposals.
- Application of Rules, Regulations and procedures while examining the expenditure proposals.
- Transparency in the working.
- Responsiveness to the needs of the clients.
- Savings achieved as a result of Financial Advice during examination of proposals.

4.2 Due recognition needs to be given to outstanding performance in any of the above areas, particularly in hard stations. Officers and staff involved in detecting and preventing frauds and/ or achieving substantial savings would also be given due recognition. The high achiever(s)/ awardee(s) may be given appropriate attention by their profile being reflected in departmental publications, websites etc. While making recommendations to the Pr Controller/ Controller/ Principal IFA, the Committee will ensure that the individual(s) recommended are clear from the vigilance angle, maintain satisfactory public conduct and have a clean image. The APARs of the individuals should be above general benchmarks and they must be regular as well as punctual in attendance.
